Gender: Male

Receptor: Human

Address:

Age: 74 Years

Weight: Not Specified

City, State, Zip, Cntry: LELAND, NC, 28451, USA

Phone:

Patient 1 Exposure Information

Exposure Site: Residence - Caller's Residence

Reason Detail: Application Mishap - UG-Unintentional General

Occupational: No

Acuity: Acute

Product Name: Ultra Kill Weed & Grass Killer Concentrate

Time Of Exposure: 15.00 Minutes ago

Route: Ocular

Exposure Duration: Brief

Exposed To: Liquid

In: Left Eye

Patient 1 Clinical Effects

Effects Present: Ocular - Ocular Irritation/pain

Relatedness: Related

Onset: Immediate

Patient 1 Management Information

Type: On-SiteNon-HCF

Result: Callback declined

Sub-Type: Residence

Patient 1 Therapy Information

Therapy Type: Dilute/irrigate/wash

Recommendation: Recommended and Performed

Patient 1 Outcome

Medical Outcome: Minor

Effect Duration: Unknown

Industry Outcome: Minor

Industry Duration: Unknown

Causation: Related

EPA Code: H-D

Notes

Cortyna Boyer-Rogers 08/24/18 16:15

S.

TC caller reports he had this in his pump sprayer. While he pumped this up the pressure caused the nozzle to come off and the liquid got into his eyes. TOE: 15 minutes. He rinsed immediately with water over his kitchen sink (eyes open). The patient is GH; with NKA; no medication daily.

Caller: [REDACTED]

Patient Name: [REDACTED] Age: 74 Years Gender: Male

Personal privacy information

O.

burning sensation

Symptoms: Ocular Irritation/pain

A.

Acute adult Ocular

Exposure: Ultra Kill Weed & Grass Killer Concentrate

R.

Transient ocular irritation is possible. Tissue injury is not expected if eye is promptly and adequately irrigated. Irrigate eye(s) for 15 - 20 minutes under a gentle pressure and comfortable temperature water. Do not hold eyelid(s) open or have water hit directly in eye(s), but slowly blink. - Rest eye(s) after irrigating. - No eye drops or ointments. - Cool compress to closed eyes as needed. - If symptoms continue or worsen over the next 1 to 2 hours, then an eye exam will be indicated.

Declined CB for f/u.

Therapies: Dilute/irrigate/wash(Both).
